

DALLAS COUNTY

EXHIBIT B

Rules for the Construction Industry

Reason for Construction Rules. The purpose of these rules is to outline the steps that every employer and employee must take to reduce the risk of exposure to COVID-19. The rules describe how to prevent worker exposure to coronavirus, protective measures to be taken on the jobsite, and cleaning and disinfecting procedures.

Construction as Critical Infrastructure. The Order classified construction for public works, residential, commercial, and schools as critical infrastructure. Elective additions and maintenance are prohibited.

Requirements for Construction. All employers involved in construction activity must follow the requirements set forth in the COVID-19 Safety Recommendations issued by the Construction Industry Safety Coalition, including the rules below:

1. All workers and contractors (hereafter referred to as “workers”) must take their temperature at their residence. If a worker has a temperature above 99.6 degrees Fahrenheit, then they are prohibited from going to work and must remain at their residence;
2. To the greatest extent possible, implement a system whereby supervisors must check the temperature of all workers and contractors with a forehead thermometer before the worker begins work. If a worker or contractor has a temperature above 99.6 degrees Fahrenheit, then they are to be sent home immediately;
3. To the greatest extent possible, shift work must be implemented such that each shift shall have no more than fifty percent (50%) of the workers who were on shift on March 16, 2020. Once assigned to a shift, workers shall not change from one shift to another;
4. To the greatest extent possible, limit crossover of subcontractors;
5. Gatherings during meals or breaks are prohibited;
6. Workers must keep a 6 foot distance between people at all times, unless the work being performed requires multiple individuals for the safety of the workers;
7. Workers must not use a common water cooler. Employers shall provide individual water bottles or instruct workers to bring their own;
8. Employers must allow non-essential personnel to work from home when possible;
9. Employers must provide soap and water and hand sanitizer in the workplace, including all restrooms. Ensure that adequate supplies are maintained;
10. If running water is available at the site, workers must wash their hands for at least twenty (20) seconds before beginning work, when they remove gloves, and before and after the use of shared items such as tools or multi-user devices, before and after any meal or restroom breaks, and when their shift or work time ends.
11. Rest breaks of at least fifteen (15) minutes for every four (4) hours worked must be provided so workers may follow hygiene guidelines;
12. Employers must provide one (1) working flushing toilet for every fifteen (15) workers on site or one (1) outdoor portable toilet for every 10 workers on site;
13. There shall be no adverse action taken against a worker who has, due to possible exposure to coronavirus, (1) been quarantined or advised to self-quarantine; (2) have not

- reported to work because the worker has a temperature of 99.6 degrees or higher; and (3) requested to use paid sick leave under the employer's policy; and
14. Employers must designate a COVID-19 safety monitor on each site who has the authority to enforce these rules;

Enforcement. A violation of this Order is a misdemeanor punishable by a fine not to exceed \$1,000 and/or confinement in jail for a term not to exceed 180 days. Additionally, any general contractor or subcontractor who fails to strictly comply with these rules can be removed from the essential business list and prohibited from operating in Dallas County.
